CLEAN & EASY TO USE

ERAZA

ANT KILLER BAITS

FAST & EFFECTIVE KILLS ANTS & NESTS LASTS UP TO 3 MONTHS

CONTAINS : 0.1% w/w cypermethrin
CONTAINS : 5g of bait per station

Eraza Ant killer baits give a fast, effective and hygienic solution to ant problems. Each bait station contains bait which has been specially formulated to be desirable to ants. They are lured to the bait station where they collect the bait and take it back to the nest, killing the whole nest. Each bait station has been designed so that they can be discretely located against walls, or kitchen kickboards. They also feature adhesive pads so that they can be positioned away from the floor and out of reach of children and pets.

DIRECTIONS FOR USE

- Indoor use :**
- Remove all available food stuffs in the infested area.
 - Break a single station from the pack.
 - Remove seal from the adhesive pads on the underside of the station.
 - Secure the bait station on a flat horizontal or vertical surface close to the 'Ant run' or nest.
 - Where there is heavy infestation use more than one bait station.

Can be used along walls, in cabinets, under sinks and refrigerators.

- Outdoor use:**
- Remove seal from the sticker on the underside of the station.
 - Secure the bait station on a flat horizontal or vertical surface close to the 'Ant run' or nest.
 - Place one bait station per nest or infestation, with up to 3 bait stations per 10 square metres.

Do not attempt to open bait station.

PRECAUTIONS

- To avoid risks to man and the environment, comply with the instructions for use.
- DO NOT USE where food, feed or water could become contaminated.
 - PREVENT ACCESS TO BAITS by children and animals.
 - WASH HANDS AND EXPOSED SKIN before meals and after use.
 - KEEP IN A SAFE PLACE.
 - This material and its container must be disposed of in a safe way.
 - Do not contaminate ground or water courses with chemicals or used container.
- In case of accident or if you feel unwell seek medical advice immediately (show label where possible).

STATUTORY CONDITIONS OF APPROVAL RELATING TO USE

FOR USE ONLY AS AN INSECTICIDE.
Place one bait station per nest or infestation, with up to 3 bait stations per 10 square metres. The bait stations should be placed close to nests or where ants are seen to be active. Users must comply in full with all their responsibilities under the Control of Pesticides Regulations 1986 (as amended), including complying with all Conditions of Approval.

READ ALL PRECAUTIONS BEFORE USE

HSE 9196
