Instructions for using the Heated Propagation Mat

- This heat mat is for household / indoor use only.
- Remove heat mat from plastic bag and dispose of it properly.
- Place your heat mat away from water and keep out of direct sunlight.
- Place near electrical outlet for the electrical plug.
- Water your seed starter tray thoroughly before you place it on the heat mat.
- Follow the instructions on seed packets for specific growing instructions.
- The heat mat will start to operate when the device is plugged in.
- Never leave your heat mat unattended in the household. Keep in clear sight.

Electric Shock or Fire may result if used improperly.
Not recommended for use by children 12 years and under.
Never use in combination with grow light or in direct sunlight. This will overheat and dry out your seedlings tender roots.

This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

Children should be supervised to ensure that they do not play with the appliance.

- DO NOT IMMERSE IN WATER.
- DO NOT put heated mat or hot objects on top of mat.
- DO NOT puncture or tear heat mat.
- DO NOT wrap or cover with insulating materials.
