

## AFTERCUT ALL IN ONE AUTUMN

### LAWN FEED & MOSS KILLER

Specially formulated to control moss and keep your lawn strong and healthy over the winter months.

#### BENEFIT

- Eradicates moss
- Greens, feeds and conditions
- Strengthens the root system

#### KEY POINTS

- Keeps lawn strong and healthy over winter
- Revitalises autumn lawns with essential nutrients
- Contains ferrous sulphate

MAPP 18230 NPK: 4-5-15 + Fe

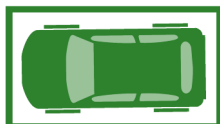

#### ACTIVE INGREDIENT

35.49% w/w Iron Sulphate Heptahydrate

#### APPLICATION RATE

APPLICATION METHOD	APPLICATION RATE
Apply by Spreader 	32g sq. m

Estimate the size of your lawn to help prevent over-application. Adjust the spreader setting and calibrate to apply the correct rate. Visit [www.gardenhealth.com](http://www.gardenhealth.com) for spreader setting guidance.

1 CAR PARKING SPACE = 2 x 5 SQ METRES  
= 10 SQUARE METRES

#### INSTRUCTIONS FOR USE

It is important to apply lawn care products evenly and avoid variations of growth across the lawn. It is good practice to wear gloves when using this product although it is not a requirement.

**BY HAND:** Mark out area to be treated using canes or string. With a gloved hand apply 32 grams per sq. m evenly over the marked area.

**BY WHEELED SPREADER:** Apply at a rate of 32 grams per sq. m evenly over the lawn. Use the correct spreader setting or calibrate your spreader to apply the correct amount

**WARNING:** If spilt on paving slabs, tiles, decking or clothing etc. brush off granules immediately to avoid staining or discolouration. Do not wash surfaces clean as may cause staining. Avoid walking or allowing pets on treated areas until it rains or product has been watered in. Allow product to be fully dry before walking on lawn. Granules left on patios, decking or in the house may cause staining.

#### WHEN TO USE

JAN	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC
								✓	✓	✓	

Do not apply 3 days before or 4 days after mowing. Do not apply during drought or if frost or rain is expected. Do not use more than twice within one season. Avoid drift. Unsuitable for new lawns.

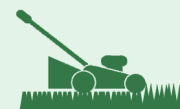

**BEST CONDITIONS:** Apply early Sept to mid Nov. Apply when grass is dry, soil is moist when grass is actively growing.

#### EXPECTED RESULTS

Your lawn should thicken and become a lush green colour. The moss in the lawn will blacken as it dies (any blackening of the grass is temporary). Thoroughly rake out the dead moss 7-14 days after treatment. Fill in any bare or thin patches using fresh lawn seed.

#### WHERE TO USE

For use on lawns only

## FERTILISER DECLARATION

Nutrient	Nutrient Content (% w/w)
Nitrogen (N) Total	4.0%
Ammoniacal Nitrogen (N)	4.0%
Phosphorus Pentoxide (P2O5) soluble in water	5.0%
Phosphorus Pentoxide (P2O5) soluble in neutral ammonium citrate and water	5.0%
Potassium Oxide (K <sub>2</sub> O) soluble in Water	15.0% (12.4% K)

## FREQUENTLY ASKED QUESTIONS

### Q. Can my children & pets go into the treated area?

A. Water the product in and allow lawn to dry to prevent the product from being transferred (on paws or shoes) from the lawn to other areas where it may stain.

### Q. I have used this product and it has had no effect on the weeds?

A. Autumn Aftercut does not contain any weedkiller. Weed killers work best when the weeds are actively growing, at this time of year weeds are not so active.

### Q. Can I use this product on a newly sown/turfed lawn?

A. We would not recommend using Autumn Aftercut on newly sown or newly laid turf until established for 12 months

For any other questions or advice please contact our Technical Advice line on: **01480 443789** (Mon-Fri 9am-5pm) or email [customerservice@westlandhorticulture.com](mailto:customerservice@westlandhorticulture.com)

**1** Iron will kill the moss, creating less competition and a healthier, stronger lawn to withstand winter stress conditions.

**2** Potassium helps to move the energy to the roots for essential storage over the winter months.

**3** The right amount of Nitrogen will green up your lawn whilst avoiding excessive growth prior to winter.

## RISK AND SAFETY INFORMATION

**Protection during/in use:** Avoid contact with skin • WASH HANDS AND EXPOSED SKIN before meals and after use.

**Other General Protection:** If swallowed seek medical advice immediately and show this container or label.

**Environmental protection:** This product contains substances which are known to be hazardous to the environment

- Do not contaminate waterbodies or watercourses with chemicals or used container
- Do not empty into drains.

**Storage and Disposal:** Keep out of reach of children • Keep only in original container

- Keep container tightly closed and dry • Keep in a safe place • Keep away from food, drink and animal feeding stuffs
- Unused product in its container may be disposed of in the dustbin.

USE PESTICIDES SAFELY. READ THE LABEL

PROTECT FROM FROST.
